

1. Fiscal Responsibility & the Economy

Kevin Wright has spent his life building businesses from scratch and balancing budgets as Mayor of Jennings. He knows every dollar matters, especially in small towns. At the State Capitol, he'll make sure tax dollars are spent wisely — not wasted — so communities across District 35 get the resources they deserve.

2. Faith & Religious Freedom

The son of a pastor and now president of Harvest Time Mission, Kevin Wright has lived his life anchored in service and faith. He will defend religious liberty so Oklahomans are always free to live out their beliefs without government intrusion.

3. Family & Traditional Values

Married to Audrey for over 40 years, with two children and seven grandchildren, Kevin Wright embodies the conservative family values that make Oklahoma strong. He will stand against policies that undermine marriage, parental authority, and traditional Oklahoma values.

4. Rural Communities & Agriculture

For 50 years Kevin has called Jennings home, serving as mayor for more than a decade. He understands the challenges rural Oklahoma faces — from agriculture and small-town infrastructure to keeping young families rooted in our communities. He'll be a strong voice at the Capitol from the North to the South like Ralston or Drumright, or from the East to the West like Prue back over to Perry.

5. Education & Parental Rights

As a father, grandfather, and longtime Sunday school leader, Kevin believes parents — not bureaucrats — should guide their children's education. He supports school choice, transparency in classrooms, and ensuring Oklahoma students are equipped with real skills and values.

6. Public Safety & Law Enforcement

Kevin has worked alongside law enforcement as mayor and knows safe communities require

strong support for our police. He will back the blue, oppose soft-on-crime policies, and ensure officers have the respect and resources they need.

7. Energy & Jobs

Oklahoma's energy industry is the backbone of our economy. Kevin Wright will stand with oil and gas producers, protect jobs, and push back on Washington's radical regulations that threaten Oklahoma livelihoods.

8. Small Business & Cutting Red Tape

Kevin has been creating jobs and running small businesses for nearly three decades. He knows firsthand how government red tape stifles growth. In the State House, he'll fight to cut unnecessary regulations so entrepreneurs can thrive.

9. Healthcare & Rural Access

Kevin has seen how families in rural Oklahoma struggle with access to care. He will fight to strengthen rural clinics, expand telehealth — a new and innovative way of lowering healthcare treatment costs, and make sure state dollars are directed to the communities that need them most.

10. Defending Oklahoma Sovereignty

Kevin Wright believes decisions should be made in Oklahoma — not in Washington, D.C. He will protect the sovereignty of our state and ensure Oklahoma laws reflect Oklahoma values. He is 100% Pro-life, 100% Pro-2nd Amendment, and 100% pro-Constitution.
